Red Devils Defeat Pellston By 40-28 Score

CHARLEVOIX HERE FRIDAY LAST CONFERENCE TILT

Last Friday Coach Devine's Red Devils met Pellston, there, and defeated them in perhaps their roughest and hardest fought game during the season. During the first quarter both teams had scored 11 points. In the second quarter our Red Devils fought harder than ever, but were only able to score 7 points to Pellston's 9. This put Pellston in the lead at the end of the half, 20-18. During the first half there was much hostil spirit among the spectators, but even though the refferees had different opinions as to the rules of the game everything went smooth during the last half. In the third quarter, our boys really had the fighting spirit and scored 16 points to Pellston's 2. This put us in the lead. The gym floor was somewhat wet, and this handicapped both teams quite a bit. During the last quarter both teams popped in 3 baskets and that left the score 40-28. This was a very hot spirited game for both teams although fouls called were not many more than average. East Jordan made 17 fouls, of which only 2 were made during the last half. Bryan Boring was high point man for East Jordan, dropping in 5 buckets and 2 free shots for 12 points. Emmerson had 9 for Pellston. East Jordan scored 18 field goals to eight for Pellston.

The second team was a little closer, but our boys won 37-30. We took the lead during the whole game. First quarter 14-7; second quarter 19-10; third quarter 33-20; and last quarter 37-30. Roman Klimkiewicz was high point man with 10 points.

Tuesday the Red Devils meet Boyne Falls, here, for a non-conference game and Friday we play Charlevoix, here, for the last of the conference tilts.

First Presbyterian Church

Edward O. DeHaven, Pastor

We are entering another Lenten Season, which is one of the choicest seasons of the year. It is a time of preparation for the significant celebration of our Lord's Suffering, Death and Resurrection. He became our Saviour because men beheld in Him the evidences of the character of God and because His life was given to the purpose of enabling men to see them. Can we do better than learn them? Lenten Theme for this year will be, "Learning From Christ." The following sermons will be preached:

Feb. 26: The Mystery of Mercy
Mar. 5: The Refreshments of Forgiveness
Mar. 12: The Reward of Compassion (One Great Hour of Sharing)
Mar. 19: The Gift of Truth
Mar. 26: The Discipline of Sacrifice
Apr. 2: The Stability of Dedication
Apr. 9: (Easter) The Glory of Love

In order to help you in your preparation during this season may we suggest you do this: First, make church attendance an unbreakable reality in your life. Second, take some time each day for your own spiritual thought and prayer. These will bear rich rewards for you.

For this week: Friday, Feb. 24: World Day of Prayer in the Methodist Church at 2:00 p. m.

Sunday, Feb. 26th: Church School 9:45 a. m.; Church Worship 11:00 a. m. "The Mystery of Mercy"; WYF 6:30 p. m. Stewardship Commission; Bible Class at 8:00 p. m.

Tuesday, Feb. 28th: Junior Choir at 3:45 in church.

Wednesday, Mar. 1: Christian Education in Manse at 8:00 p. m.

Filling Wood Stove A Snap

NEW WOOD BURNING HEATER HAS MANY ADVANTAGES

A new wood burning heater, three times as efficient as the conventional type, has appeared on the market, according to Thomas F. Schweigert, Consulting Forester, of Walloon Lake. The unit delivers upwards of 6,000 B. T. U's out of the potential 7,000 in a pound of any kind of wood, while the conventional direct flue stove delivers only about 2,000.

The new heater burns all its own smoke and operates an entire day on a single filling of wood. It is thermostatically controlled at a wide range of temperatures. Wood is converted into gas and charcoal within the fuel hopper, and the gas is burned in a gas combustion chamber. The charcoal itself is converted into gas and burned.

General efficiency is attested by the fact that ash removal is necessary only on a weekly basis.

Foresters acclaim the new unit, for they believe that substitution of wood gas combustion heaters for conventional types will raise the living standards of persons living in wooded localities. Not only will the burning of wood be more attractive, but also fuel expense will be two-thirds less. This will assure a continuing market for locally available fuel, and tops of cut trees as well as cull trees no longer need be wasted during logging operations.

Three Auxiliary Units To Join In Hospital Project

The American Legion Auxiliary Unit 227 met Tuesday evening, Feb. 14th, in the Legion home. There was a fine attendance. President Edna Wilkins presided. It was announced there was to be a meeting at Walloon Lake for the purpose of talking over plans for a combined project for beautifying the Grandview Hospital. East Jordan and Walloon Lakes Units are uniting in this project. Three nice mirrors have already been donated for this purpose and will be redecorated and taken to the hospital.

Millie Swafford, music chairman, said the Unit is organizing a choral group and asked that any auxiliary member who likes to sing and would be interested in joining this group are to contact her. So far the group is meeting at the Legion home Monday evenings at 7 o'clock and then going to Bellaire for instructions. Mrs. Clyde has agreed to direct the group and transportation will be provided.

Thora Kotowich again asked for volunteers to sew at the City Bldg. on Wednesday afternoons. Reva Walton reported we now have 122 members and she is anxious to get enough members to fulfill our quota of 136 members. We have until April 1, but would like to get in as many as possible before the deadline.

A reminder was given in regards to the Handkerchief Project, these handkies are to be valued at not less than 50c or more than $1.50, and should be in a gift box along with a gift card. These handkies go to the hospitals to be given to veterans. They in turn send them to their mothers or wives for Mother's Day gifts.

It was decided to have another Baked Goods Bingo on March 3. Mary Lou Breakey is chairman and co-workers are Eldeva Gokee, Marie Woodcock, LaVera Ingalls, Helen King and Bernadine Brown. A committee was also appointed to meet with the Legion Building Committee in regard to the kitchen arrangements. The following are on the committee: Gusta Hayes, Martha Kamradt, Thora Kotowich, Barbara Walden and Mary Lou Breakey.

There will be an initiation of members at the next meeting on Feb. 28. All new members as well as and other members who have not been initiated are asked to be present. Hilda Bathke, District President, and her initiation team will be in charge and will also provide the entertainment and refreshments for the evening.

Mary Reed will raffle off a nice hooked rug to earn money for the Kitchen Fund. The drawing will be on March 4th, in the Club. tickets may be obtained at the meetings or at the Club.

The meeting was adjourned and preparations were made to spend the rest of the evening with a Valentine Party under the direction of the Fun Committee.

World Day of Prayer This Friday Afternoon

When you hear church bells ringing on Friday afternoon, Feb. 24th, at one hour intervals, beginning at high noon, will you pause for one minute for silent prayer in observance of World Day of Prayer? "Certain thoughts are prayers. There are moments when no matter what the attitude, the soul is on its knees". Plan to attend the special service at the Methodist church at 2:00 p. m. the same day. It is your service. Those who take active part in the program are your spokesmen.

Methodist Church

Howard G. Moore, Pastor

The World Day of Prayer will be observed in the Methodist Church this Friday at 2:00 p. m. All protestant churches are invited to participate in the service. The World Day of Prayer was observed last year in eighty-six countries. The offerings received on this day support the literary program among the Navajo Indians, as well as cultural and religious help for our migratory population; aid to the 25,000 foreign students in the United States, and furnished Christian literature for industrial centers and forest villages for many countries.

The World Day of Prayer was observed during the Sunday School period with several pupils from the different classes taking part.

MYF will meet next Sunday evening at the home of Don Karr.

The WSCS meets March 1 with Mrs. Velma Sweet. Mrs. Agnes Darbee has the program on Japan and Mrs. Mary Hitchcock will give the devotions. This is the meeting when the Secret Sisters will be revealed. Please remember the pot-luck dinner at 12:30 and also bring something about Japan for display. Some of the children who have attended the Added Session Class will take part in the program.

Mrs. Adeline Bowerman entertained her Sunday School class with a party at her home last Monday after school. After enjoying the skating they sat Japanese fashion to partake of their supper. I do know they had some trouble using the chop sticks. If they spoke little and were very quiet I have yet to learn. I understand the American girls do not care too much about letting the men eat first as is the custom with our Japanese cousins. Just about everyone in the class was there and thank their teacher for a wonderful party.

The Added Sessions class will not meet again until March 13th.

The Suzanna Wesley Circle of the WSCS of the Methodist church meets at the home of Mrs. Max Damoth on State St., Tuesday, Feb. 28, at 8:00 p. m.

LAYMEN'S SUNDAY

This next Sunday, Feb. 26th, is Laymen's Sunday. Laymen through Methodism will take charge of the services and deliver the message theme "A Layman's Faith". The Laymen of the East Jordan congregation are uniting on this day and will take over the service at 10:00 o'clock. There will be special music. You are cordially invited to attend and worship with us.

Red Cross Is Having Its Annual Campaign

Chairman and workers in East Jordan, Boyne City and Charlevoix will be getting together in the next few days to work out final details of the drive which leaders hope will be climaxed about March 15 with the goal being reached.

The organization aids families of men in service, acting as liasion between the service man and his family. It helps the veterans in many ways, acting as a clearing house for information.

Red Cross disaster aid was extended to the families and victims in the recent bus collision near Gaylord, where five persons were killed and 12 were injured. It set up an infomartion center with the help of State Police to give out information to families of the victims.

In East Jordan, Mrs. Ethel Clark will head the drive. Wm. Porter will handle the business district. The residential chairman has not been named as yet.

The theme for this year's contest is "Soil Fertility and the Nation's Future". The contest is open to all young men and women whether grangers or not, who are under 21 years of age. This contest will run from Feb. 1 and will end on April 15, 1950. KINDERGARTEN — Isabel Sidebotham

We had such a good time Valentine's day. Janet Malone and Bonnie Snyder made a pretty red and white valentine box for us. We had lots of fun opening it. There were such a lot of valentines. Everyone received some.

Roger Clark's and Dale Gee's mothers each made us valentine cup cakes and Patricia Murphy brought valentine cookies that we ate with our ice cream. Mary Ellen Malone and Chris Schroeder brought valentine candy for everyone.

Raymond Fisher was six years old on Monday. His mother sent birthday cookies. They were covered with white frosting with red hearts for eyes, a chocolate chip for his nose and a piece of date for his mouth.

We like our books "Before We Read". We are learning that we read from the left side over to the right.

FIRST Grade — Mrs. Brooks

We like to learn about Washington and Lincoln. Jean Kraemer has really seen the Washington Monument and the Lincoln Memorial that the rest of us have only seen pictures of. She likes to tell us about her trip to Washington, D. C.

We are learning to play some new games.

We had a beautiful big box full of valentines, and candy, cookies and apples at our happy Valentine party. Judy Jankoviak's and Donelda Scott's mothers were here and we thank them for helping us have a good time.

We were all sorry that Janet Sutton lost her father Thursday night and were glad to send flowers from our room.

FIRST Grade — Mrs. Stokes

We had a very nice Valentine patry this year.

We made jello for ourselves. We put fruit and marshmallows in it. It was good. We ate it from paper plates with plastic spoons. We had cup cakes, cookies, candy and milk. We played games. We had lots of Valentines in our box.

Later in the week we wrote thank-you notes to the mothers who sent the jello, fruit, marshmallows, cookies, cake and candy.

SECOND Grade— Agnes Johnston

During our language periods last week we started a unit of work on communication. We learned that many people help us to get news. Some of these are the mailmen, the radio announcer, the telephone workers and the paper boy.

Bowling News

Hotel Osceola of Reed City, an 840 average bowling team, visited East Jordan to bowl their regular match in the Northwest Traveling league and here's how, in game No. 1 against the league leaders, Norm's Tavern, they shot 1039, a current season league record. They they added 902 and 907 for a big 2848 series. Norm's Tavern was able to take but one point when they finished with a 936. While the Reed City scores were much lower in the evening bowling against the Recreation, they still bowled way over their average to take 3 points. The Recreation won their first game from Big Rapids Recreation in the afternoon match, when Big Rapids fired games of 930 and 950 to win the match 3-1. In the evening Big Rapids continued to hit a good pace for their first game when they trounced Norm's 937 to 882. Then the local bowlers put on a scoring spree of their own, finishing with 983 and 970 for a 2835 series. Barney Adair topped the scoring for the day with a strong 662 series on games of 197-243-222. Howard Borck of Reed City had 617 for the visitors, while Joe Wilkins had tops for the Recreation with a 609 series. In the four matches there were 12 series that totaled over the 570 mark, which is 190 or better. In spite of the outcome of these matches, Norm's Tavern still holds 1st place as Spillwood Recreation, Evart, dropped 3 points to Cadillac.

Bowling in the Merchant's League continued to set a hot pace with top scoring and an upset for the league leaders, Thorsen's Lumber, as the E. J. Canning Co. took all four points from the Lumber Jacks. Burl Bramah topped the Canners with a 549, while Andy Anderson's 537 was the best effort for the losers. Hillman's Insurance downed the Bankers 3-1 to move within three points of Thorsen's, while both the Legion and Sommerville's won 3 points to stay within striking distance of the top spot. The Legionnaires put an end to the winning streak of St. Joseph, while Sommerville's powered in a 943 finisher to drop the Recreation 3-1. "Ol' Burn-em up Clark" put the half whammy on the Bankers and continued to score heavily as he had top series for Hillman's and the league with 597 on games of 182-224-191. Chris Taylor was close behind with 596 on games of 193-179-224. The 224 games were top single games for the night. In the other two matches for the night Cal's Tavern won three points from Brock's Turkey Farm, while Ellsworth Electric won 3 from Monarch to drop Monarch into last place. Gene Tiechman had high for Cal's with 550. Wally Peacock topped the Turkey Growers on 521, Cy Dolezel led the Legion team with 541 and Joe Bugai was tops for St. Joseph with 558.

Central Lake Torch and Art Cleaners postponer their match. High single game and series went to Datha Peacock as she finished with a 208 for 494, while Mickey Hamerski was close behind with 492, which included a 181 game. Inez Henderson's 488 was only 6 pins from top and her 193 starter was second high game.

Bowling in the Inter-City League was featured with an oddity when Paul Burnett of Central Lake shot games of 185-186-187 in order, as his team, Howard's Service won 3 points from their local rivals, Faas Foods. Chris's Men's Wear moved back into first place with a 3 point win over the Recreation. Ray's Barbers topped Wolf's from Charlevoix by the same margin.

How to Get That Homework Done

Miss Gilbert, our grammar school principal, spoke the other night at the regular Parent-Teachers' meeting, on getting children to do their homework when they want to listen to the radio.

"We musn't give them a flat 'no'," Miss Gilbert said. "If we adults *really* believe in tolerance and moderation, we should instill these qualities in our children. Listening to the radio is fine—in *moderation*—as long as homework gets done, too."

From where I sit, the lady was dead-right. This radio vs. homework problem is a wonderful way to see to it that our youngsters acquire the sensible moderate habits they'll need later on.

I've never believed in hard and fast rules — except where absolutely necessary. Let the other fellow do as he likes, as long as he's temperate and tolerant. Guess that's why I've never felt we should quarrel with the fellow who is partial to a glass of beer—the "Beverage of Moderation."

The Time The Anti-Trust Lawyers Killed Their Own Case!

For ten years the anti-trust lawyers have been attacking the business methods that make it possible to give the public the best quality food at the lowest prices.

In our last ad we told you how Federal Judge W. H. Atwell, at Dallas, threw the anti-trust lawyers and all their inflammatory charges against A&P right out of his court.

But the anti-trust lawyers were not satisfied with decisions against them by three federal judges.

They still wanted to destroy A&P.

They Appealed to New Orleans

So they appealed Judge Atwell's decision to the three-judge Circuit Court at New Orleans.

One of the three, Judge Curtis L. Waller, agreed with Judge Atwell that the case should be dismissed.

The other two members of the Circuit Court, Judge Joseph C. Hutcheson, Jr., and Judge Allen Cox, although saying the case should be tried, agreed that the indictment was vague and contained many allegations which were inflammatory.

They decided that Judge Atwell at Dallas should protect A&P from these inflammatory allegations and could order the anti-trust lawyers to supply the defendants with a bill of particulars.

So the case was back in Dallas again.

Judge Atwell, carrying out the decision of the Circuit Court, struck out the inflammatory matter.

He said that without this inflammatory and prejudicial matter the Grand Jury might never have returned the indictment.

Judge Atwell said to the anti-trust lawyers:

"There are many statements in the indictment which are not at all in violation, and are highly prejudicial and inflammatory."

The anti-trust lawyers objected. They advanced an amazing argument. They said that the removal of their inflammatory allegations (which all four judges had agreed did not belong in the indictment) destroyed their case.

Judge Atwell instructed the anti-trust lawyers to furnish the court with a bill of particulars. In short, he wanted specific charges instead of vague generalities. He set the deadline for furnishing this material at January 15th, 1944.

When the anti-trust lawyers twice asked for more time, pleading sickness among their staff, Judge Atwell extended the time to February 25th because he believed that they were honestly trying, in good faith, to prepare the material he had requested.

Actually, it developed, they were using the time to get ready to drop the case in Dallas and start it in another court.

They Quit in Dallas

On February 26th, while the judge was still waiting for his answer, and without any previous notice to him, the anti-trust lawyers gave a story to the newspapers in Washington, announcing that they were dropping the case in Dallas.

They said that it was their intention "to file a substantially similar suit in an appropriate jurisdiction *at an early date.*"

The "early date" turned out to be the same day.

As soon as one anti-trust lawyer killed the case in Dallas, another anti-trust lawyer filed a new case in Danville, Illinois. This new case made most of the same allegations that had been made and dropped in Dallas; and that are being made against us today.

So now, according to the anti-trust lawyers, all four judges who had ruled on the Dallas case were wrong.

Despite defeats in three federal courts in widely separated parts of the country, they continued their campaign to destroy A&P.

When Judge Atwell heard of their action he ordered the anti-trust lawyers to prepare an order for his signature dismissing the Dallas case.

In signing this order he said to the anti-trust lawyers:

"This nolle prosequi does not have the sanction or approval of this court. That is not necessary, nor that the government ask for the court's approval.

"It is, however, a matter that may be presented to the other court and may be of interest to the people at large."

So after their efforts to destroy A&P had failed in Washington, D. C., Wilson, North Carolina, and Dallas, Texas, the anti-trust lawyers moved on to Danville, Illinois.

They were still determined to destroy this company which had brought more and better food at lower cost to millions of American families.

They Were Wrong Three Times Before!

Three times the anti-trust lawyers went into federal courts and made serious and damaging charges against A&P.

Three times federal judges said the anti-trust lawyers were wrong and rendered decisions against them.

In previous ads in this series we told you about these other anti-trust "cases" involving us, which the judges said were not cases at all.

We think you should know about these previous cases, because once again the anti-trust lawyers are making damaging "allegations" that could seriously affect our business if they were believed by the public.

There was the time in Washington, D. C., when they said we and other good American citizens conspired to fix the price of bread in that city.

This was the time Federal Judge T. Alan Goldsborough ruled that A&P and the other defendants did not even need to put in a defense. He instructed the jury to bring in a verdict of "not guilty".

It was the time Judge Goldsborough said to the anti-trust lawyers:

"If you were to show this record to any experienced trial lawyer in the world, he would tell you that there was not any evidence at all.

"Honestly, I have never in my over forty years' experience seen tried a case that was as absolutely void of evidence as this. That is the honest truth. I have never seen one like it."

There was the time in Wilson, North Carolina, they said we and other good American citizens conspired to fix prices paid farmers for their potatoes.

This was the time Federal Judge C. C. Wyche directed the jury to bring in a verdict of "not guilty".

It was the time Judge Wyche said to the anti-trust lawyers:

"In my opinion there is no testimony produced from which it can reasonably be inferred that the defendants entered into a combination to depress or lower the price of potatoes.

"I might say that I never tried a case in my life where a greater effort, more work, more investigation had been done, combing almost with a fine-tooth comb to gather evidence.

"But, as was said a long time ago, you can't make brick without straw, and you can't make a case without facts."

There was the time in Dallas, Texas, when they made practically the same "allegations" they are making today.

This was the time Federal Judge W. H. Atwell ruled that the case should not even be tried. He said that the indictment contained inflammatory statements that he would not permit to be presented to a jury.

It was the time Judge Atwell said to the anti-trust lawyers:

"I know of no American rule, and I wish I had the power to underscore the word 'American,' which permits us to try a man because of his size.

"If I thought I was presiding over a court and that I might have to sentence some person because he was a great big fellow, or because he was a Lilliputian, I would feel like resigning. God knows we don't want it ever to occur in America that the size is going to determine whether a man is guilty or innocent."

STATE OF MICHIGAN

In the Circuit Court for the County of Charlevoix In Chancery.

In the Matter of the Petition of Murl K. Aten, Auditor General of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.

To the Circuit Court for the County of Charlevoix, in Chancery:

Murl K. Aten, Auditor General of the State of Michigan, respectfully shows unto the Court:

1. That he is the Auditor General of the State of Michigan and makes and files this petition under, by virtue of and pursuant to the provisions of Act No. 206 of the Public Acts of 1893, as amended, and Act. No. 126 of the Public Acts of 1933, as amended;

2. That Schedule A annexed hereto is the tax record required by the act first above mentioned and contains the description of all lands in the aforesaid county upon which taxes, which were assessed for the years mentioned therein, have remained unpaid for more than one year after they were returned as delinquent, the description of all lands in said county heretofore bid off in the name of the State and thus held and upon which taxes which were assessed subsequent to the tax for which such lands were sold to the State have remained unpaid for more than one year after they were returned as delinquent, and the description of all lands in said county which are delinquent for any installment of taxes under the provisions of the act last above mentioned;

3. That extended separately in said schedule against each description of said lands therein contained are (a) the total amount of delinquent taxes upon said description for the nonpayment of which the same may lawfully be sold at the next annual tax sale, (b) interest computed thereon as provided by law to the first day of May, next ensuing, (c) a collection fee of four percent and (d) $1.00 for expenses, all in accordance with the povisions of the act first above mentioned;

4. That all of the aforesaid taxes, interest and charges are valid, delinquent and unpaid, and have remained delinquent and unpaid for sufficient time to authorize and require, as provided by the foregoing acts, the sale of the aforesaid parcels of land against which they were assessed and are extended in said schedule at the next annual tax sale for the non-payment thereof, and that the said taxes, interest, collection fee and expenses so extended in said schedule against each parcel of land therein described constitute a valid lien upon each of the said several parcels of land described in said schedule as therein and against which extended in favor of the people of the State of Michigan, the payment of which lien this court may enforce as a preferred or first claim upon such lands by the sale thereof.

Wherefore your petitioner prays:

a. That within the time provided by law this court may determine and decree that the aforesaid taxes, interest, collection fee and charges are valid and constitute a valid lien upon each of the said several parcels of land described in said schedule as therein extended;

b. That within the time provided by law this court make a final decree in favor of the State of Michigan against each parcel of said lands for the payment of the several amounts of taxes, interest, collection fee and expenses, as computed and extended in said schedule against the several parcels of land therein contained;

c. That said decree provide that in default of the payment so ordered of the said several sums computed and extended against said lands in said schedule, the said several parcels of land, or such interest therein as may be necessary to satisfy the amount decreed against the same, shall severally be sold as the law provides;

d. That your petitioner may have such other and further relief in the premises as to this court seem just and equitable.

And your petitioner will ever pray, etc.

Dated: December 29, 1949.

MURL K. ATEN
Auditor General of the State of Michigan,
for and in behalf of said State.

Auxiliary Chooses Queen of Hearts

Mary Dolezel, being more than 65 years young, was chosen Queen of Hearts to reign over the festivities at the American Legion Auxiliary Unit 227 Valentine Party Feb. 14, held in the Legion Home. The Queen was vested in her royal robes by the Fun Committee. The coronation speech was given by Agnes Woodcock. A cape of red crepe paper, festooned with glittering tinsel and golden hearts, was placed on her shoulders. A golden crown adorned her silver hair and she held a scepter of shining jewels. It was then proclaimed that a forefeit would have to be paid by any one who failed to call her "Your Majesty" instead of the familiar Aunt Mary or Mrs. Dolezel. Several group games were played with much hilarity. Everyone joined in at the command of "Queen Mary", winning teams received prizes of suckers and candy hearts. Dancing was the order of the evening.

A huge Valentine with a lovely verse was displayed with a space for everybody's name to be signed and was to be taken to Josephine Justice in Grandview hospital as a reminder that though she couldn't be present at the party she was the Auxiliary's Valentine.

Lunch was served buffet style. The table was decorated in the Valentine motif with red and white crepe paper cups as favors and a large heart shaped cake as the centerpiece. Sandwiches, pickles and coffee completed the lunch. A fine time was had by all and it was a credit to the Committeeof Eldeva Gokee, Hary Hayes, Gusta Hayes and Millie Swafford. The party was such a grand success everyone is looking forward to another get-to-gether in the near future.

Banishes Ladder Fatigue!

Avoid accidents in your home and at the same time eliminate "ladder fatigue" with the CRAFTBILT Platform-Tread Stepladder. No barked shins, aching arches and legs when you use this stepladder. Painting, washing walls and woodwork, hanging curtains and drapes need not mean long hours of precarious balancing on narrow treads.

This platform-tread stepladder will be indispensable once you have used it. In the CRAFTBILT you stand on platforms. Platforms not in use fold back to permit stepping into the ladder. You stand on both your feet, not your toes, with no obstruction at shin-level. And you are much closer to the job!
